## ABOUT ME

### PROBLEM SOLVER

I am a hardworking, conscientious Graphic Designer and Digital Content Creator with many years' experience creating graphic elements for both online and print. Fully confident in the use of the Adobe Creative Suite on both Apple Mac and Windows. I have excellent customer service skills, get on well with team members and management and work well under pressure to meet tight deadlines.

I've always had a keen interest in art and design from an early age. Thankfully that has stayed with me all my life. Now that we have digital tools at our disposal, the only limit to our creativity is our own imagination.
